

Drupal 8 Media Status

Janez Urevc / @slashrsm / <http://janezurevc.name>

slashrsm.github.io/d8-status-update

Janez Urevc (@slashrsm)

- senior engineer and team lead at MD Systems
- Active member of Drupal community since 2009
- Lead of the D8 media initiative
- ex Examiner.com

Among top contributors

	<p>586 people on Drupal.org 109 projects supported 515 issue credits in the last 90 days 6 case studies</p>
	<p>29 people on Drupal.org 71 projects supported 372 issue credits in the last 90 days</p>
	<p>32 people on Drupal.org 65 projects supported 326 issue credits in the last 90 days 1 case study</p>
	<p>37 people on Drupal.org 55 projects supported 301 issue credits in the last 90 days 2 case studies</p>

- our CTO (@berdir) is one of top 5 D8 contributors
- D8 expert
- D8 media expert - lots of media clients
- 20% of every project to the community
- <http://www.md-systems.ch/en>
- Services include: Full projects, site audits, bootstrap weeks, support/consulting, architecture planning, ...

What is in Drupal 8?

CKEditor + Basic image upload

The screenshot displays the 'Create Article' form in Drupal 8. The title field contains 'My nice article'. The body field is a CKEditor with a toolbar showing bold, italic, link, unlink, list, and quote icons, along with a 'Format' dropdown and a 'Source' button. A sidebar on the right contains the following information:

- Last saved: Not saved yet
- Author: admin
- Create new revision
- ▶ MENU SETTINGS
- ▶ COMMENT SETTINGS
- ▶ URL PATH SETTINGS
- ▶ AUTHORING INFORMATION
- ▶ PROMOTION OPTIONS

At the bottom of the image is a video player control bar showing a play button, the time '0:00 / 0:19', a progress bar, and a full-screen icon.

What is in Drupal 8?

Basic file listing page

The screenshot displays the 'Files' management interface in Drupal 8. At the top, there are tabs for 'Content', 'Comments', and 'Files'. Below the tabs is a breadcrumb trail: 'Home > Administration > Content'. The main area contains search filters for 'Filename', 'Mime type', and 'Status' (set to '- Any -'). A 'Filter' button is located below the filters. The file listing table has the following data:

NAME	MIME TYPE	SIZE	STATUS	UPLOAD DATE	CHANGED DATE	USED IN
box-of-kittens.jpg	image/jpeg	37.31 KB	Temporary	Wed, 07/15/2015 - 06:37	Wed, 07/15/2015 - 06:37	0 places
kLLe576.jpg	image/jpeg	2 MB	Permanent	Wed, 07/15/2015 - 05:47	Wed, 07/15/2015 - 05:47	1 place

What is in Drupal 8?

Configurable file cleanup

Delete orphaned files after

6 hours ▼

Orphaned files are not referenced from any content but remain in the file system and may appear in administrative listings. **Warning:** If enabled, orphaned files will be permanently deleted and may not be recoverable.

Only that?!

Media Entity

Status: Stable release

drupal.org/project/media_entity

Completed:

- Per-type business logic: thumbnails, name, ...
- Metadata handling API
- UI for automatic metadata sync
- Lots of provider integrations: Embeddable videos (YouTube, Vimeo, ...), Twitter, Instagram, local files, Soundcloud, slideshows, ...
- Media library

Create Tweets

some had described as a “snub to Britain”.

'I love the guy': Obama settles rumours about Winston Churchill bust

[→ Read more](#)

Obliquely responding to Johnson, Obama placed a bust of Churchill outside of the White House. “I love Win

But Obama admitted that he had a wartime leader that had sat in the White House with George W Bush with one of the most hard work of a lot of people who have the privilege of holding this office”.

Cameron said he would not respond to the questions saying: “Questions for Boris are

questions for me.”

Entity Embed

Status: Beta

drupal.org/project/entity_embed

- Can embed any renderable entity type
- Clean API, based on core image embed
- Improved UX of display configuration
- Integrate selection with Entity Browser
- Backported to Drupal 7

Add content

Home

 **Article**

Use *articles* for time-sensitive content like news, press releases or blog posts.

 **Basic page**

Use *basic pages* for your static content, such as an 'About us' page.

Want to get involved?

Open tasks tasks:

- Usability polish
- Improve test coverage
- Fix remaining bugs

Have you ever...

Entity Browser

Status: "Almost" beta

drupal.org/project/entity_browser

General entity browsing, selecting and creating tool. Works with any entity type. Can work with fields, WYSIWYG, custom forms, ...

Already completed:

- Architecture and API
- Integration with Inline Entity Form
- Views integration
- Multi-step workflows
- Conditions/constraints
- Entity reference, file and image fields support
- Entity embed integration
- ...

Want to get involved?

Remaining tasks:

- Fix bugs...
- ...specially in (nested) Paragraphs and IEF area - beta blocker!
- Improve test coverage
- UX polish

Inline entity form (IEF)

What?! But...

... isn't that Drupal Commerce stuff?!

Collaboration!
Reusable
components!

Inline entity form (IEF)

Status: Usable

drupal.org/project/inline_entity_form

Completed:

- IEF form element
- Field widget (simple & complex)
- Entity browser integration

Remaining:

- Code cleanup
- Tests

File Entity

Status: Beta

drupal.org/project/file_entity

Extends core's file entity type with fieldability and add/edit/delete forms.

Might become deprecated based on recent core plans.

Media

Status: in development

drupal.org/project/media

A "glue" module that brings all the components together.

Based on Media entity, Entity browser, Entity embed, Image widget
crop, ...

One of the possible starting points!

There is more!

- Cropping: Crop API, Image widget crop, Focal point, ...
- DropzoneJS integration
- Fallback formatter
- Field formatter
- File entity browser
- Content browser
- Media entity browser
- Lightning (distribution)
- Thunder (distribution)

Drupal core plans

1. Move media entity in core [#2801277]
2. Add support for one "remote" video provider [#2801277]
3. Implement media library using media entities [#2796001]

General plan issue [#2786785]

Want to help?

- Let your developers work on core issues
- Send them to sprints
- Host a sprint
- Fund other developers
- Fund sprint costs (travel, accomodation, ...)

Resources

- Weekly scrum meetings on #drupal-media IRC (14:00 UTC)
- github.com/drupal-media
- groups.drupal.org/media
- @slashrsm - drupal.org/u/slashrsm

Drupal 8 Media Guide
