

Drupal 8 CSI

Contrib Sprint Initiative

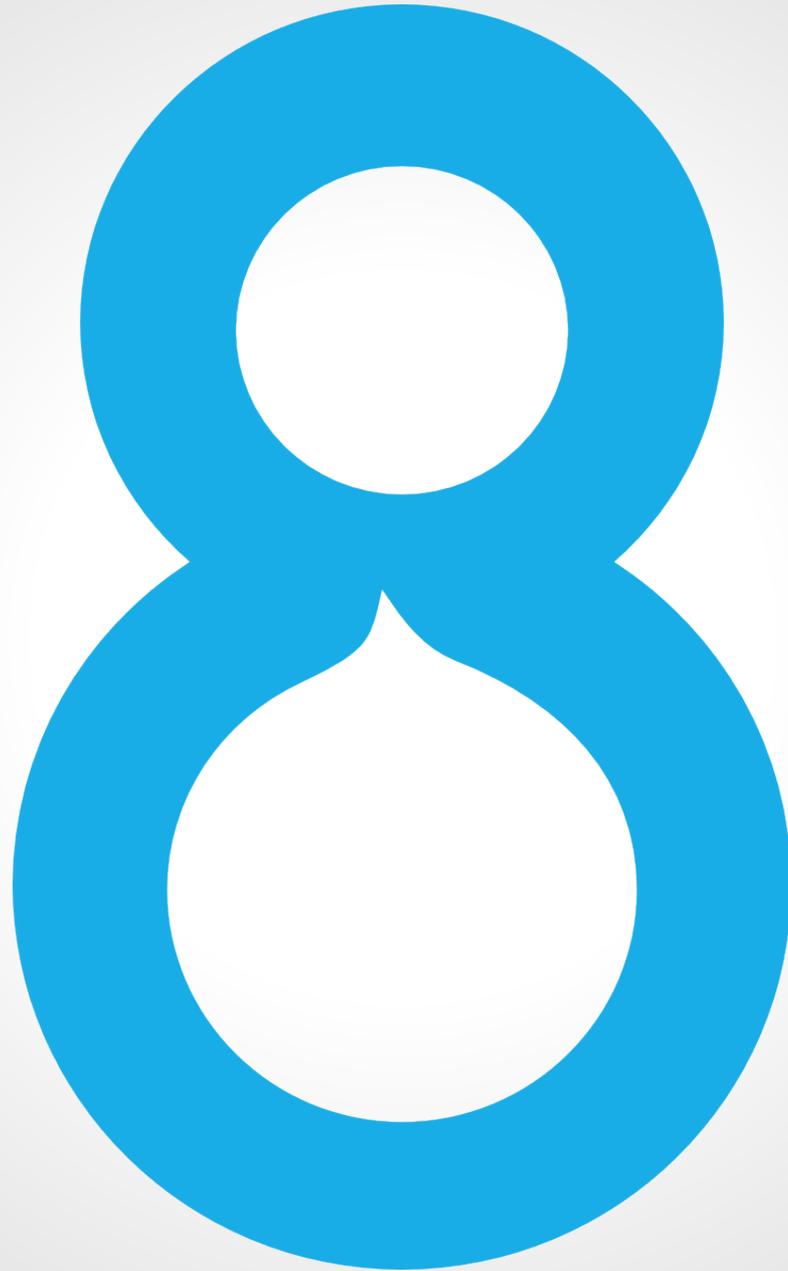

The image is a promotional title card for the television series 'CSI: Crime Scene Investigation'. The background is a dark, moody scene with a person's face partially visible, overlaid with vibrant, out-of-focus light streaks in red, yellow, and blue. The title 'CSI:' is rendered in large, white, stylized, blocky letters with a slight glow. Below it, the words 'CRIME SCENE INVESTIGATION' are written in a smaller, white, sans-serif font. In the bottom right corner, the 'CTV' logo is visible in a light, semi-transparent font.

CSI:

CRIME SCENE INVESTIGATION

Drupal 8 - Shipping it

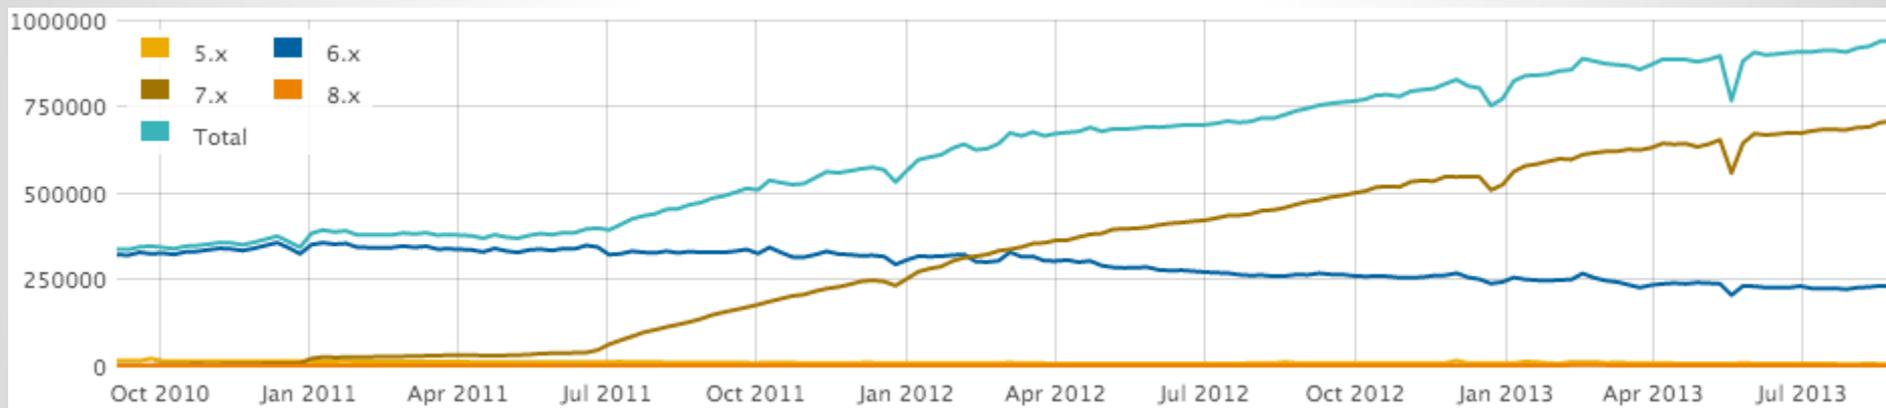

- When is it here?
- When to start?
- Is it worth it?

Drupal 7 release

Looking back...

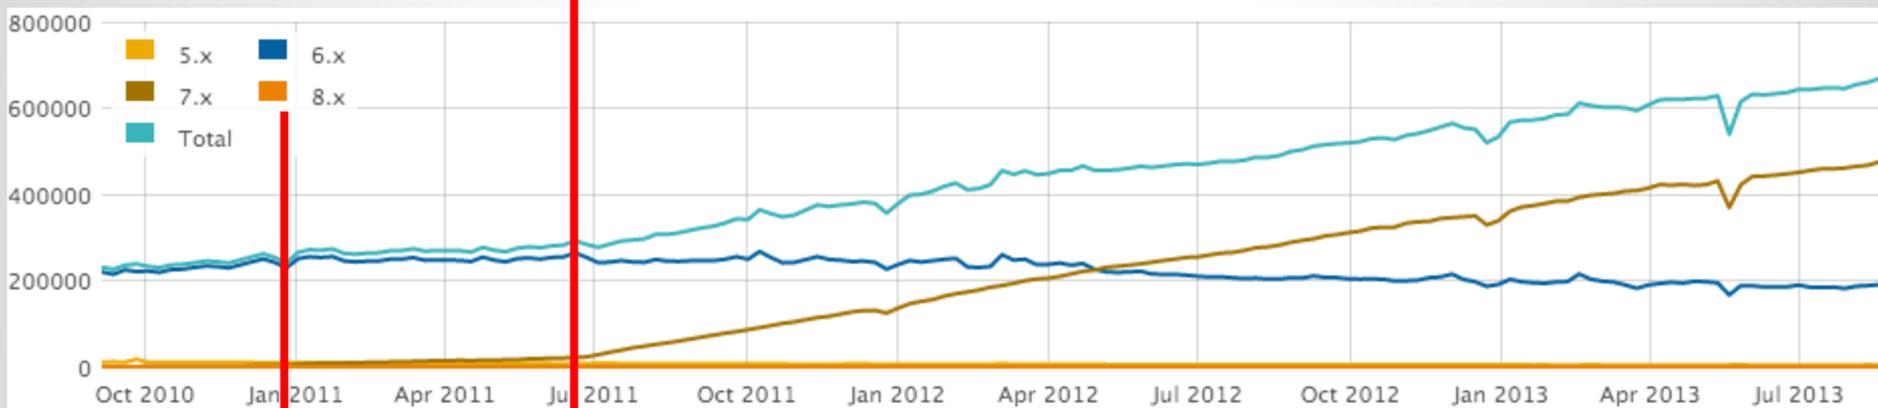

- Release: 2011-01-05
- D7CX pledge didn't work!
"I pledge that XYZ will have a full Drupal 8 release on the day that Drupal 8 is released."
- Views: Stable **December 18**
RC1 June 17, RC3 November 16
- Mass Contrib: Releases in 2012

Drupal 8 - What we need

... to make it ready:

Core

- Beta
- RC
- Stable

Contrib needs to be ready too!

Drupal 8 - Core

It will ship. Be ready!

Top core developers care about it

Everyone can do a lot, too

Some people are core-shy...

Drupal 8 - Contrib

- Maintainers need to get started NOW
- WE need to help making it happen, with...
 - straight ports
 - examples
 - documentation
 - requirements
 - testing
 - more ...

Drupal 8 - Contrib Sprints

- Community event
- The first friday each month
- Starting October 4th

- We are open - Join us!

Drupal 8 - Bootstrap weeks

- Directly following the sprint
- 1 week of Drupal 8 expertise
- 1:1 coaching, bootstrapping projects
- 1h presentation per day
- 2..3h individual availability

Drupal 8 - Bootstrap modes

Two different approaches

➤ Frontend

➤ Backend

MD Systems - OSI

- Our open source initiative.

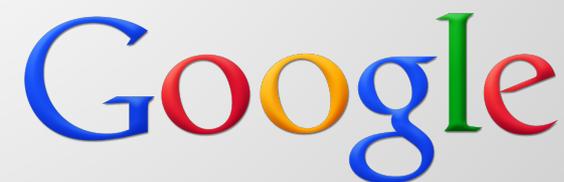

MD Systems is going to provide...

OSI - Translation management

- True multilingual experience
- Simplify projects and processes
- Easy delegation of translation jobs

Google, Microsoft,

Gengo, OneHour Translation, Nativy

OSI - Past

- Capturing Errors, Traces
- Logging
- Quality assurance
- Bugfixing

OSI - Shared Content

- Unifying separate platforms
- Focus on each brand
- Aggregate content
- Link related content
- Full automation

OSI - Monitoring

Application level monitoring out of the box.

- Framework API
- Vendor independence

Integration to backends (Munin, Icinga, ...)

OSI - More to come

A lot...

- Newsletter
- CRM
- SOA
- Theming
- Deployment workflows

... and even more!

Thank You!
