The Event

Vision

Opportunity

Challenge

Transformation

Use it.

NOW.

Vision

Dreams, hope, dedication, commitment, success.

Drupal Core

4 years

>2400 contributors

>800 new features

91'909 test asserts

open source

Drupal Contrib

>30 top in core

>730 8.x on d.o

38 in NP8

70 tested, 54 passing, daily

Opportunity

Better UX, DX

Lower barriers

Fast delivery

Prototyping

Modern framework

Rich features

Extended lifetime

Less Drupalism

Industry Standard

Unified Patterns

Extensibility

Drupal 8 Release

Estimated to occur on

October 2, 2015

Raw data

Build log: [build.log](#)
 JSON: [projects.json](#)

What do those numbers tell me?

They give an idea if a module is working, or if recent or not so recent changes in Drupal core broke their tests.

Note

Challenge

Existing systems

When Drupal 8?

Return on investment

Everything new

End of life?

Missing functionality

Missing know-how

Catch up with shift

Challenge - Hosting

- Webserver ➤ Apache / nginx
- PHP ➤ Large memory footprint
- MySQL ➤ Primary storage
- Shared Files ➤ Uploads, images
- Redis ➤ Advanced key value cache
- Solr ➤ Search index
- Varnish ➤ Edge cache, tag based
- HA / Scaling ➤ SLA

Transformation

Start early.

Open up your mind.

Reinvent yourself.

Team up!

Extend your toolbox.

Business first.

Think big.

Thank you!

We love Drupal.
